

FOR IMMEDIATE RELEASE: 11/08/2016

**The International Association For Creation Welcomes The Press**

*The world's leading association for the Biblical Worldview has officially launched.*

**Orlando, Florida (11/08/2016):** The International Association For Creation is the world's leading professional association dedicated to advancing the collaborative efforts of creation science ministries and providing resources in local communities that help Christians grow in their understanding of the Biblical Worldview.

The International Association For Creation is a proud sponsor of International Creation Day, which took place on November 5<sup>th</sup> this year. The Association delivers live stream events and supports the building of new museums, while providing global awareness and local support for members. The ministry's mission is to work with biblical creation museums and ministries around the world to credibly present the historical authenticity of Genesis, affirm the faith of Christians, and present the salvation message to the lost. As we endeavor to unify creation museums and ministries, we seek to provide them with strategic guidance for tactically presenting biblical creation evidence and debunking evolution.

To fulfill this mission, The International Association For Creation has assembled a membership base of over one-hundred and twenty-five organizations, including thirty-five museums and nine research facilities, plus two zoological parks which serve six continents and represent over five-hundred creation professionals around the world. The Association provides assistance to approximately three new museum launch teams per year, has partnered with twelve educational ministries, established eighteen Creation Correspondent teams, and covers thousands of square miles on the airwaves.

The International Association For Creation's CEO, Kyle Justice, says, "This is an amazing opportunity for the Body of Christ to come together with a focus on God's Creation and supporting those in creation science ministry. We are blessed to have an experienced and passionate executive team to help lead us into incredible opportunities for advancing the Kingdom of God around the world. Our team is humbled to have the privilege of unifying believers in this effort."
