

FOR IMMEDIATE RELEASE: 11/13/2017

## **Movie Theaters Across America Turn Into Biblical Worldview Centers**

*Museums Move Into Movie Theaters for premiere of Genesis: Paradise Lost.*

**Orlando, Fla. (11/13/2017):** The International Association for Creation, in partnership with Fathom Events and Collide Media Group, is glad to work on Museum & A Movie Night, a grassroots campaign to coordinate with local Biblical worldview learning centers and creation ministries to present the truth of Genesis at theaters across the United States of America and share the love of Jesus.

Over twenty-five locations in some of America's largest markets, including Seattle, Portland, San Diego, Denver, St. Louis, Miami-Fort Lauderdale, and Orlando-Daytona Beach, among many other markets across the country, will be participating in Museum & A Movie Night, where the public will be able to attend the premiere of the world's first 3D creation movie, *Genesis: Paradise Lost*, and enjoy a special 4D event, provided by local Biblical worldview learning centers and creation ministries; for one night only, youth and families will be able to experience God's creation first-hand at local theaters across America.

Eric Hovind, Director of *Genesis: Paradise Lost*, says, "**GENESIS: PARADISE LOST** lets viewers experience the very foundation of our faith— in the beginning, God!"

Locate your nearest theater location, and get tickets: [www.GenesisMovie.com](http://www.GenesisMovie.com)

**About Genesis: Paradise Lost:** *Genesis: Paradise Lost* will entertain and educate as an event for the whole family. The digital animation is interwoven with insightful commentary from accredited scientists and educators such as Dr. Charles Jackson and Dr. Georgia Purdom, and popular speakers such as Ken Ham and Ray Comfort. Cultural apologist Dr. Voddie Baucham, Jr.'s deep booming voice serves as *Genesis*' "unseen narrator" whose vocal presence gives the visual images deeper meaning and life. **About The International Association for Creation:** The International Association for Creation is the leading professional organization dedicated to providing you and your family with local Biblical worldview resources through museums and ministries around the world. We invite you to experience God's creation across our network of Biblical worldview learning centers and outdoor creation adventures.
